## About US

API (Apostolic People International) is a network of ministries and business leaders around the world, working together in unity and fellowship for expansion of the kingdom of our Lord Jesus Christ.

Our focus is to build covenant heart relationships with one another so that the Body of Christ can be in unity, demonstrate power, compassion and love, and extending the influence of the kingdom of God into all sectors of society.

As a network we seek to unite the Body of Christ and to extend the kingdom of God.

As a network we do not unite based on gifting, function and influence, but rather we seek to build covenant heart relationships that lead to long lasting fruit.

As a network we do not seek to only build buildings and structures, but we value people just as Jesus did above all and therefore, we seek to build with people who are prophetic and apostolic pioneers by nature. People who build with their hearts.

As a network we also seek to equip and educate ministers, business leaders and the body of Christ.

Apostolic People International is partnering with various mentors around the world to offer to you a solid foundation for leadership and ministry. The program can be attended online as well as in person and caters for those seeking to be developed for ministry in leadership. The Kingdom Leadership Development Program is a one-year (10 month) program.

The program consists of one contact session per month from February to November. Students will need to attend all 10-contact session either in person or online.
